

ProBrick™

COMPOSITE BRICK PANELS

An easy, beautiful brick
solution for siding installers

TandoStone®
#1 Brand of Composite Stone

TandoStone ProBrick in Madeira

ProBrick

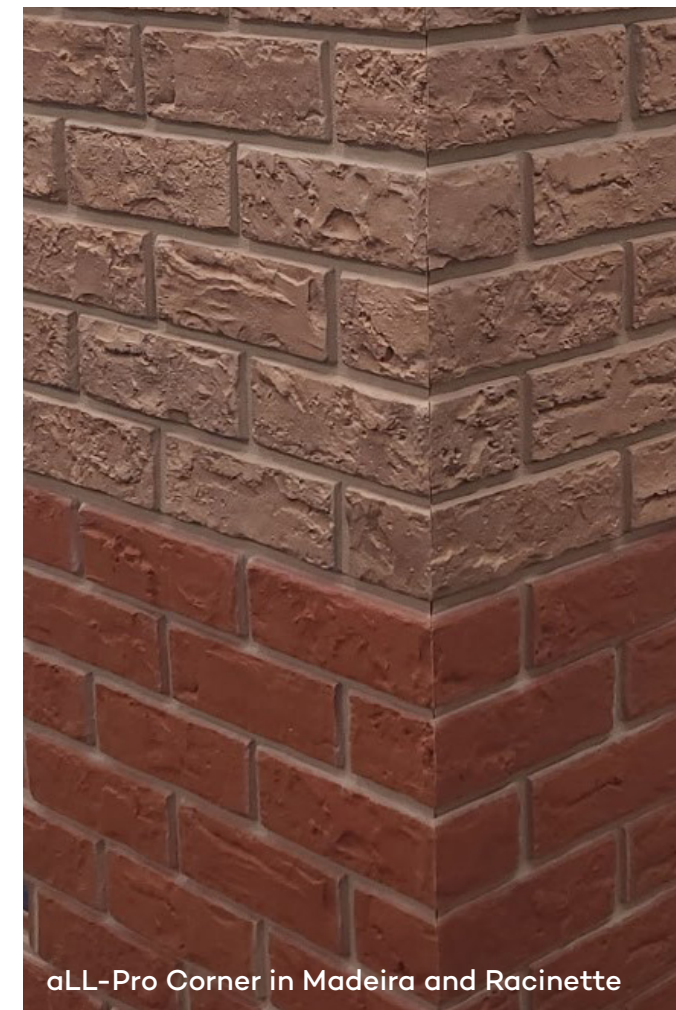

Classic. Beautiful. Super Easy.

TandoStone® ProBrick is a revolutionary new category of composite brick, crafted specifically for siding professionals. Built on Tando Composites' proven formulation and trusted performance, ProBrick is transforming exterior design—30 bricks at a time.

At a fraction of the weight of traditional brick, TandoStone® ProBrick installs quickly and easily in any weather—no masons, mortar, or scaffolding required. Designed for siding contractors, ProBrick panels can be installed using standard tools, eliminating mess and minimizing delays. Just fasten and forget—it's that simple.

Without compromising on beauty or performance, TandoStone ProBrick is a new product in the TandoStone family that is destined to be another game changer for today's top siding installers.

- Perfect for use with fiber cement
- Great for mixed material exteriors
- Offers outstanding ROI for property owners

aLL-Pro Corner in Madeira and Racinette

Madeira with traditional corners

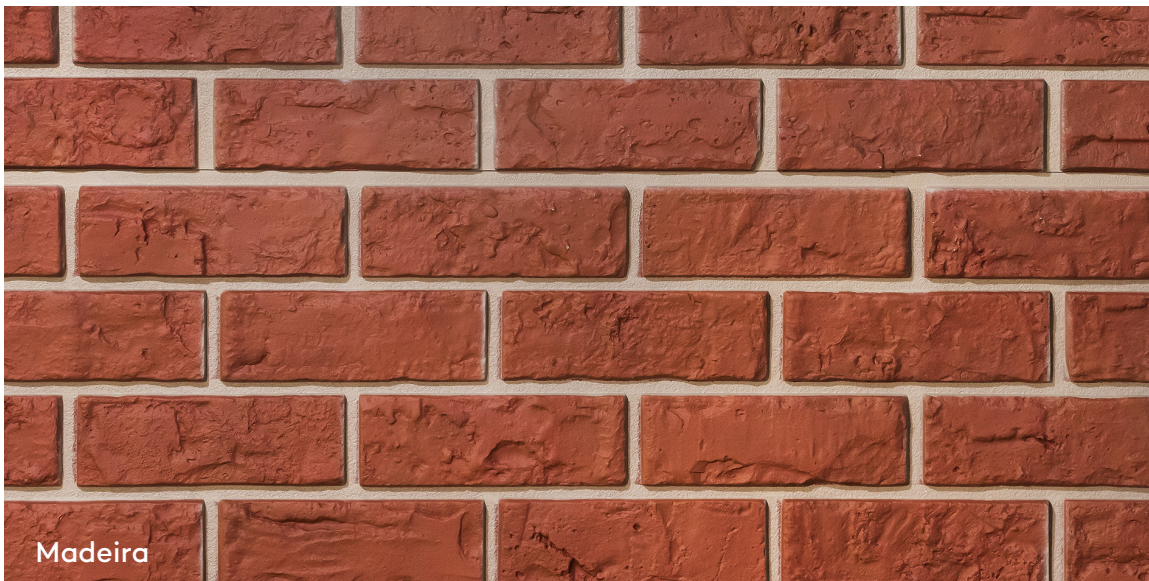

TandoStone ProBrick in Racinette

TandoStone ProBrick features state-of-the-art KAPGUARD® with Kynar® coating technology to ensure color longevity. Available in two distinct, on-trend colors—Madeira, a rich, classic red, and Racinette, a deep, earthy brown—ProBrick offers timeless curb appeal that will last.

ProBrick™ aLL-PRO CORNER®

Available in both TandoStone® ProBrick colors, the aLL-Pro Corner® simplifies installation while saving time and labor. Designed to fit any 90-degree corner, it ensures a clean, seamless look with minimal effort. From start to finish—even around windows, electrical boxes, or hose bibs—installation is quick and straightforward, with no need for special tools, skilled labor, or ideal weather conditions.

Trusted by leading remodelers, builders, and multi-family developers, the TandoStone ProBrick system, including the aLL-Pro Corner, delivers the authentic look of traditional brick at a fraction of the cost and installation time.

Colors are shown as accurately as the printing process allows.
